IR Transmission Series

User Manual

Model : IEC-3501E-05

Single IR Emitter (Non-Blinking)
Introduction

IEC-3501E-05 is a single IR emitter..
Features

- Cable length 300cm...

Diagram

Infrared Diode

Self-adhesive

10 feet wire

Infrared Transparent Housing

3.5mm mono plug

With Solid Stripe Marking in WHITE : +

No any Marking : -

IEC-3501E-05

Installation View

Standard installation

To Repeater

Receiver

IEC-3501E-05　or　IEC-3502E-05

1. IR emitter (flat side) attached directly to IR sensor window
2. More reliable activated
3. Looks nice

Attach IR emitter at inside of shelf

- IEC-3501E-05
  OR
- IEC-3502E-05

1. Attach IR emitter on above or below of the IR window
